**GREAT CAREER**

The need for certified Pharmacy Technicians is growing dramatically throughout the United States.

ProTrain's Pharmacy Technician program will prepare you to take the Pharmacy Technician Certification Board Exam and fast track your application for a 160 hour externship with CVS Caremark.

Call for Details!

**Quick Facts on Pharmacy Techs:**

- Typically work in hospitals, retail stores, home health care or independent pharmacies.
- Starting pay of \$12 - \$18 per hour
- Flexible work hours
- Employment of Pharmacy Technicians is expected to increase by 32 percent from 2010 to 2020

**CVS PHARMACY EXTERNSHIP**  
*Certification Exam Preparation Program*

As skilled and valued members of the pharmacy team, Pharmacy Technicians assist Registered Pharmacists to provide quality patient services. Meeting high standards of practice and achieving certification provides these technicians opportunities to demonstrate their mastery of knowledge.

# CVS PHARMACY EXTERNSHIP

## Certification Exam Preparation Program

ProTrain in conjunction with CVS Caremark's Pharmacy Tech Externship program will train you to prepare and provide medication and other health products to patients; mix intravenous solutions, count tablets and label bottles; receive electronic prescriptions from medical offices; handle computer order entry of prescriptions; receive written prescriptions and requests for patient refills; verify complete and accurate prescriptions; stock and inventory prescriptions and over-the-counter medications.

Pharmacy Technicians are in high demand. According to the U.S. Bureau of Labor Statistics, employment of Pharmacy Technicians is expected to grow 32 percent nationally, much faster than the average for all other occupations through 2020.\*

### CERTIFICATION

ProTrain's world class certification training will prepare you for the National Pharmacy Technician Certification Examination (CPhT), administered by the Pharmacy Technician Certification Board. More states and employers are requiring certification as the reliance on Pharmacy Technicians grows.

- As a Pharmacy Technician, you will be prepared to help licensed Pharmacists provide medication and other health care products to patients.
- Your job will include counting and measuring medication, managing inventories, and completing pharmaceutical dosage forms, on a full- or part-time basis.
- Many Pharmacy Techs work in retail pharmacies. Others fill prescriptions in hospitals, work in wholesale and online pharmacies, or with government organizations.
